TAURI

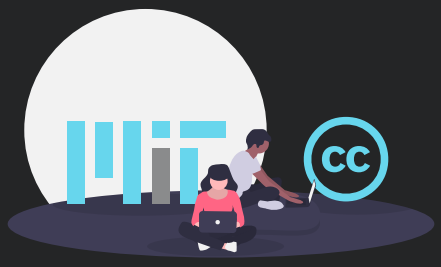
Build smaller, faster, and more secure
desktop applications with a web frontend

Learn more

Get started

Brownfield

compatibility with any front-end framework means you don't have to change your stack

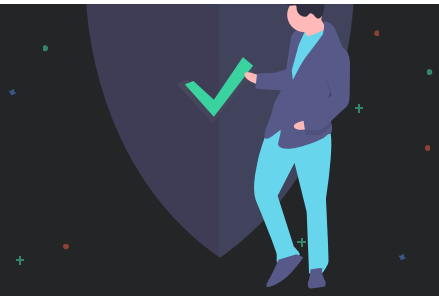


FLOSS

relicensing is possible with Tauri

Bundle

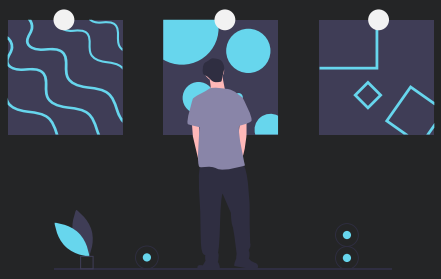
size of a Tauri App can be less than 600KB



Security

is the Tauri-Team's biggest priority and drives our innovation

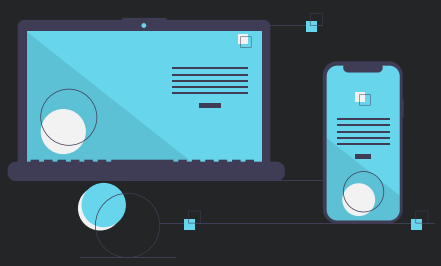
See more



Patterns

are here to help you choose important features with simple configuration

See more



Cross-platform

compilation allows to bundle binaries for major desktop platforms (mobile & WASM coming soon)
